

## Environmental Policy

Multi Media Replication Ltd is committed to leading the industry in minimising the impact of its activities on the environment.

The key points of its strategy to achieve this are:

- Minimise waste by evaluating operations and ensuring they are as efficient as possible.
- Minimise toxic emissions through the selection of sources and reduction of power requirements.
- Actively promote recycling both internally and amongst its customers and suppliers.
- Source and promote a product range to minimise the environmental impact of both production and distribution.
- Meet or exceed all the environmental legislation that relates to the Company.

WEEE Care Plc Registered

Multi Media Replication Ltd is registered with the Environment Agency for WEEE (Waste Electrical and Electronic Equipment) and we recycle electrical waste.

Recycling

Where possible Multi Media Replication Ltd uses recycling centers to recycle our waste.

Packaging

We internally recycle packaging by shipping product out where possible using existing packaging.

Travel

We encourage the use of public transport, lift sharing, cycling and walking to work and alternatives such as online conference calls, webinars, meetings and remote support wherever possible.
