

USB Stick CopyStation 21

USB Stick CopyStation 21

Duplication of USB memory sticks

- ◆ Duplication of data images to up to 21 USB memory sticks simultaneously
- ◆ CopyStation consisting of case, build in power supply and three active USB 2.0 hi-speed hubs; connected via supplied USB 2.0 PCI card and three USB cables
- ◆ In-house developed copy software with the same «look & feel» as all other altec CopyStations; user interface selectable for English or German; other languages are available on demand; compatible with Windows XP
- ◆ Job Wizard to specify parameters for the copy job such as the image file name, number of copies and whether to verify after writing or not
- ◆ Software option for creating and copying smaller image files; with this, USB sticks where much less data is stored than the actual storage capacity permits can be programmed much quicker
- ◆ File Copy option to copy files from a specified directory to FAT format USB sticks instead of copying from an image file; the sub-directory structure (if present) is also copied

24 Months Warranty

USB Stick CopyStation 21	Item no.
