Professional Grade DVD Duplication System

The Fusion 2DVD PC is an advanced extremely affordable duplication system. It is designed with a small footprint and will fit into any office environment.

The use of advanced stepping motors and highly efficient and reliable robotics gives the system a smooth and quite operation.

The Fusion is perfect for on-demand publishing applications that can operate in one-of-many production modes. With the reliable electronics and robotics, this is truly a hands off system. You can set it to run your specific application, and then leave it alone only to return when the application is completed.

Our trained and experienced sales staff can help you choose the correct system for your specific needs.

Give us a call today and let us help you achieve your production goals!
