

X³ & X⁶

Industry-Leading Performance, Footprint, Versatility and Price Point

Best Performance

X³ & X⁶ SYSTEM FEATURES

- 400 disc input enables use of multiple CD, DVD, or Blu-ray media types, or 300 single media type capacity
- Removeable media spindles simplifies media handling
- Attractive tri-color system status indicator lights for operator attention
- Reliable, robust picker mechanism for high-volume environments
- **Three (X³)** or **Six (X⁶)** disc recorders for redundancy and throughput optimization
- Choice of printer technologies: (Black Thermal, PhotoThermal-retransfer, Photo Inkjet)
- Embedded Windows 7 PC for maximum compatibility (all software preinstalled)
- Easy integration with Microtech's universal API (File based or XML)
- Secure enclosure to protect media and all moving parts
- External 20 disc capacity mail slot delivery option.

FULLY AUTOMATED CD/DVD/BD PRODUCTION SYSTEM

Introducing the Microtech X³ & X⁶ Publishing Systems, innovative feature rich systems leveraging all of the best design concepts for an automated disc publishing and duplication machine. High capacity 300 disc unattended production, or four media types with delivery to the mail slot provides maximum flexibility in a single machine. The X³ & X⁶ have printer support flexibility with a choice of black thermal, preprinted media overprinting (ImageAligner), photo thermal, and photo inkjet print technologies. Customize any solution with Microtech's universal API's!

OPTIMIZED PERFORMANCE

Designed for maximum output and unmatched uptime, each X³ and X⁶ comes fully loaded with Microtech's ImageMaker suite of programs on the embedded Windows 7 PC. The ImageMaker software suite includes tools for most disc production environments out of the box, and feature Microtech's popular MyDisc, DiscPrint and Media-Remote programs. Ease of integration, optimized foot-print, and the industry's most cost-effective price point enable a "no-compromise" approach to digital publication and a simple transition path for customers who require a competitive alternative to the costly, pre-configured solutions currently on the market today. Microtech lets you decide the features that are important to you and your bottom line!

SYSTEM SPECIFICATIONS

Disc capacity	300 (Unattended)	
Mail Slot	20 Disc Capacity External Delivery	
Integrated PC	Windows 7 Pro (Windows 7 Ultimate and Windows 8 upgrades available)	
Software	ImageMaker, DiscPrint, MyDisc	
Keyboard, Mouse, Display	Included	
Network	100/1000 Base-T Ethernet	
Elec. Requirements	Global Power Compatibility	
Disc printers	BlackThermal, Photo Thermal-Retransfer, Photo Inkjet	
Imagealigner ³	Optional	
	X ³	X ⁶
CD/DVD/BD Recorders	3	6
System Drive	240GB SSD	240GB SSD
Standard Image Storage	Integrated into System Drive	3TB Raid 0
Image Storage Options	3TB Raid 0	6TB Raid 0
	6TB Raid 0	10TB Raid 10
Dimensions	14"W x 24.5"D x 31.1"H, 87lbs (356mm x 699mm x 942mm, 50kg)	14"W x 27.5"D x 37.1"H, 110lbs (356mm x 622mm x 790mm, 40kg)

X³ & X⁶

DISC PRINTING OPTIONS

Xstreamjet Inkjet Printer brings provides quality printing and the lowest cost per disc with our bulk ink (CIS) option.

K2Thermal Printer uses the latest retransfer technology for superior photo quality and full disc coverage. The results are comparable to off-set printing.

Xpression Thermal Printer is ideal for black text or graphics on blank or pre silk-screened discs.

APPLICATIONS

X³ & X⁶ publication solutions are ideal for just about any industry or market, including: Music • Video • Service Bureau • Software • Gaming • Medical • Education • Banking & Financial • Government • Telecommunications • Manufacturing • Surveillance • Email Archive • Regulatory Compliance • Disaster Recovery • Records Retention

WARRANTY, SERVICE AND TECHNICAL SUPPORT
